

Costs associated with a request for information

Where access is granted to a record and the record is to be inspected at the offices of the Electricity Regulatory Authority no fee will be payable.

If reproduction of the record is requested by the applicant, he or she may be required to pay the cost of that reproduction. Details concerning costs and payment are contained in the “Freedom of Information Regulations”. Follow this link to the Freedom of Information Unit’s web site www.foi.gov.ky to see the information on Fees.
